

OTA REP REPORT

April 2009

Happy Occupational Therapy month! Hope everyone has had the opportunity to celebrate being a part of this wonderful profession. I am looking forward to attending the AOTA conference in Houston this month. It's always exciting to be around thousands of other OT practitioners. One of the highlights for me is attending the COTA Forum and discussing issues and sharing ideas with OTAs from across the U.S. I am always reminded of a few years ago when the OOTA COTA Special Interest Section(SIS) group was active. There has been some interest shown in reactivating this group again. Would you be willing to serve OOTA by helping to start an OTA (SIS) group? Would you be interested in participating if it were reactivated? We could establish regional groups (OKC, Tulsa, SW Oklahoma, etc.), or all meet over lunch at OOTA meetings or conference, or perhaps telecast from the OTA program sites, so COTAs from across the state could meet together. If you are interested, please let me know. RYoung@occc.edu

Hope to see you at the next OOTA event!
