

Treasurer's Report Oklahoma Outlook Newsletter, April, 2009

Occupational Therapy Colleagues,

It was with great disappointment that the workshop scheduled in March was cancelled due to an unseasonal Oklahoma snow storm. Gary Kielhofner and Renee Taylor were scheduled to present on Client-Centered Practice Using the Intentional Relationship Model and the Model of Human Occupation. The good news is that they have agreed to join us for our annual conference on October 2nd -3rd so mark your calendars!!!
