Wow!! Our basket auctions at the OOTA annual conference went great again this year! Silent auction items brought \$381 and live auction items brought \$580. Thank you so much to the companies and individuals or OT teams who contributed to making and donating baskets. Thanks also to the OTs and others who purchased baskets! There were some very creative baskets this year including the "Made in Oklahoma" basket from the OKC/VA OT dept. and the very creative art basket/fire pit from Adaptabilities. We should have an award for the best basket next year!

Start thinking of fun, different ideas for baskets for next year and stay updated with your reminders each quarter and on the website
