

President Report
Sharon Sanderson, OTR/L, FAOTA
Submitted April 2007

What a great OT Month April was! The public information seminars at Lowes on gardening in raised flowerbeds were a real hit! Thanks to all of you who spent your Saturday informing people about occupational therapy.

AOTA Conference in St. Louis, and all of the associated meetings – Representative Assembly, Affiliated State Association Presidents, Program Directors, and others – were very productive and informative. RA is now thirty years old, and the group honored me as a past Speaker.

Our Seminar at Sea, aboard Carnival's Ecstasy, was a fun, as well as educational, experience for the occupational therapists, as well as our spouses and friends. There were 28 of us, now proudly sporting suntans and sand in our shoes. The program was so well received that there is some consideration of offering the content to those who couldn't make the trip.

Our OOTA 40th Birthday Celebration will continue at our Annual Conference September 28-29 at TCC. We hope to see you then!

Report for February 2007 mailed to OOTA members in February 2007 OOTA newsletter
