As a New Year starts make sure your plans include quality time with OOTA. Be sure to attend Continuing Education February 2 with how-to information on using the three national and state professional groups that support Occupational Therapy. Your feedback from each CE offering helps OOTA committees and the Executive Board plan future activities to meet member needs. New committees are being formed throughout the year as events and interest dictate. New by-laws under review can update the association to move forward in a streamlined manner fitting the busy lives and needs of OT practitioners in this new millennium. Keep up to date with all the activities of your OOTA with full minutes of association meetings on the OOTA website.
